CoC Asks Sups For Hearing On Transit Plan For LG-SV

Lemon Grove Chamber of Commerce directors Tuesday ordered its president, Alex Woods, to ask the Board of Supervisors to conduct a public hearing on the boundaries of the proposed transit district.

Woods told directors that it may be possible for cities to form a district and unincorporated areas could be annexed without a vote. A tax rate of 15c is anticipated.

"We should ask for a public hearing to be held in Lemon Grove to let people know that they can be taxed an extra 15c (for each $100 of assessed valuation) for a service we do not need."

The Local Agency Formation Commission, the day before, had held up action for two weeks on the formation of the S. D. Transit District to study what unincorporated territory should be included.

Woods pointed out that the Lemon Grove - Spring Valley area accounted for 5% of the assessed valuation ($70,512,280) of the three-section proposed district "but would only get a 1% use of the system."

"San Diego," he said. "uses 85% of the system and would be paying 73% of the cost (assessed valuation $1,053,932,560).

The board instructed Woods to ask service clubs and church groups to join in the request for a public hearing.

In other business board members were elected for the coming year. Those elected were: Sam Pernicano, Jim Dorman, Bob Dryden, Louise Warren, Les Hansen, Dick Rasmussen, Roger Verbiest, and Cliff Clark. Frenchy Faucher was elected an associate director.

The boys are all sixth graders at San Altos.

LG Republicans To Ask Governor To Repudiate CDC Endorsement

The Board of Directors of the Lemon Grove Republican Assembly has passed a resolution calling on Governor Brown to repudiate the California Democratic Council and its radical views.

In a resolution submitted to the San Diego Coordinating Republican Assembly the CDC was taken to task for the "extremist" positions which that organization took at its recent State Convention in Bakersfield. At that time, Simon Casady, the controversial president of that group who was so outspoken in his criticism of the Administration's position in Viet Nam, was ousted from his office and Governor Brown was endorsed for re-election.

The resolution noted that in spite of the ousting of Casady, a Casady-backed candidate was elected and the same program which has been advocated by Casady was taken, such as "calling for military de-escalation of the U. S. committment in Viet Nam, and end of U. S. bombing in that Country, acceptance of the Communist National Liberation Front (NLF) and the Viet Cong representing a major nationalistic force in South Viet Nam, as well as admission of Red China to the United Nations."

It also recalled the "disgraceful booing by CDC delegates when the names of President Johnson and Vice President Humphrey were mentioned, thereby showing complete disrespect for the two highest offices in our land."

The resolution concluded that "we of the California Republican Assembly are appalled that Governor Brown would have sought and accepted that organizations support and do now call on him to repudiate this extremist organization and its radical views.

In other action the Lemon Grove Republican Assembly has postponed the regular meeting of the group in favor of attending the Practical Politics Course being held in the Town and Country Hotel, on March 9, 16, and 23 at 7:30 p.m. Transportation will be provided from Lemon Grove.

Republicans interested in learning more about their government as well as the art and mechanics of winning elections are urged to call Mary Ellen Young at 466-9261. The course is being supported by the San Diego County Co-Ordination Republican Assembly which is the County Organization that represents the 40 local CRA units in the County.

The DIMMER VIEW

by MAX GOODWIN

Welfare Program Aids Adultry

It isn't as though more proof were needed to convince us that our money is being wasted on many welfare giveaways, but when the charge and proof comes from a lawmaker, it is all the more alarming.

Assemblyman Charles J. Conrad of the 57th District, which includes Sherman Oaks, communicated with us regarding the MARS program. MARS is an acronym for Man Assuming the Role of Spouse. The man from MARS, then, would be an adulterer because he isn't the husband — he's just living with her to fill in her emotional and sexual emptiness. The financial emptiness is filled in by the social welfare worker because that's what the Welfare Department has instructed the caseworker to do. The moral emptiness that follows must be filled in by some higher authority since no one at the mortal level seems to care enough to react — except a few narrow-minded editorial writers.

We will reproduce Assemblyman Conrad's complete communication in which he charges that the Department of Social Welfare is aiding and abeting adultery.

"Despite denials by the heads of the Department of Social Welfare, caseworkers are actually aiding and abetting adultery, promoting immorality, and illegitimacy under the MARS Program," Assemblyman Conrad stated.

"Take the actual case of Mr. and Mrs. X. The wife was 19, the husband in his early twenties. They had two children when they separated.

"The woman went on Aid to Family with Dependent Children, but it was discovered that the address she gave as the residence for her and her children was merely a "drop" where she picked up her welfare check. Actually, she had moved in with a 38-year-old man with four children who was separated from his wife, but still legally married.

"Now this was grounds for fraud as well as adultery, and the social worker had every right to insist that the woman return to the residence she had given, particularly because her marriage was not completely hopeless. The father was interested enough to visit his children and had at least discussed reconciliation, even though he knew she was living with another man.

"Instead, the social worker asked the woman if she wanted to go on the MARS Program. This despite the fact that the 38-year-old man, a man old enough to be her father, was also on relief and could contribute nothing of a financial nature to this family relationship.

"Meanwhile, the husband was still expected to contribute to the support of his children. He was understandably reluctant to do so, especially when he heard his wife say, "Kiss your daddy goodbye," meaning the man she was living with.

"As a matter of fact, the legitimate father was arrested for failure to provide financial assistance under those circumstances. The result was a divorce instead of reconciliation, and from the illicit relationship that was encouraged and made possible by the social worker and the MARS Program, came a pregnancy and a seventh child, this one illegitimate.

"One final example as to the moral issues of this program. Under this MARS situation a man and woman living together on relief although each one is still legally married to another person with seven children, one illegitimate, could receive $360 a month.

"Now take a family consisting of husband and wife, plus seven children where is man is capable only of obtaining a low paying job, say $350 a month, but is doing his best to keep a decent home together. That family is not entitled to one cent of relief.

Why? Because that man is working on a full time job," he concluded.

'Stop On A Dime' Program Given Here

In 1960 the California Highway Patrol inaugurated "Stop On A Dime", a program aimed at bicycle and pedestrian safety.

It has continued through the past six years and has helped in making the public roadways safer for school pupils.

Highway Patrolmen John Annis and Ed Widholm presented the safety program last week at several area schools, including San Altos in Lemon Grove and Avondale in Spring Valley, in their continuing effort to instruct school-age children in the importance of safety.

"We show the children the distance required to stop after the first sense of danger, not only with an automobile but also with a bicycle and afoot," Annis said.

"Many children realize that it takes a while for a car to stop but don't recognize the fact that it takes them time to stop also," Annis added.

To illustrate this Annis had several boys ride their bikes at top speed and then try to stop after hearing a whistle.

The bikes recorded stopping distances up to 45 feet. Normally distances average up to 50 feet. The distances at San Altos were shorter because of an uphill surface on the school's asphalt playground.

"We approximate stopping distances to lane widths to show relationship to how many lanes the bike rider would go through before coming to a stop," said Annis.

With traffic lanes being 12 feet in width a bike rider would travel through up to four lanes of traffic before stopping, Annis pointed out.

Stopping distances were also tried with a pupil running and walking. The student walking took seven feet to stop and the student running 21 feet.

The automobile, a CHP patrol car driven by Widholm, required 88 feet to stop after a speed of 28-30 miles per hour.

The car's distance was measured by a "bumper gun."

This device is a .22 caliber two-barrel gun that fits on the bumper of a car.

It is loaded with yellow chalk pellets which mark the asphalt surface. One pellet is fired by a passenger in the car which measures reaction time to the following pellets, fired when the driver applies the brakes. The mechanical ability of the car is measured from the second pellet to the final resting place of the car. This gives total stopping distance.

Annis reminded the 400-plus audience at San Altos that "these tests are given under ideal conditions. Many times the road's condition and location are less than ideal, requiring greater distances to stop."

Water Rate Increase Of 10%-20% Seen Here

Helix Irrigation District water users will be paying $6 to $12 more a year for water if the board of directors follow the recommendation of the district's San Francisco financing adviser.

The board last week was given a study on the district's financing procedures by James F. Rafferty, of San Francisco.

He recommended that a 10% to 20% increase in the water rate be given the district's 150,000 water users. Average water bill is $60 a year.

Byron Miller, Helix general manager, said he will report to the board at the next meeting on whether the raise should be a water rate increase or an increase in the tax rate or a combination of the two. Miller said he would favor the water rate increase unless his study changed his opinion.

The district board will decide on the necessity, the type, and amount of an increase, he pointed out.

Miller said he would ask the board to make any rate change effective by summer when peak water use comes. "We're in a squeeze on costs. We had an increase of $3 an acre foot every year for 'imported water' for the last several years. Labor costs, materials, and general expenses have risen every year. Yet we've had no increase in water tae since 1955 and no increase in the tax rate since 1957, except a small increase in the latter last years.

As a matter of fact, we've reduced tax rates every year except 1965-66," Miller said.

The present district rate is 56 cents for each $100 assessed valuation but only the land is assessed, Miller said.

The average tax bill is $8, he added.

Harry Griffen, Helix board chairman said that he was not in favor of a crash program. "It will require a lot of study and careful consideration . . . before we do anything about raising rates or increasing taxes."

According to district officials, no bond issue has been called since 1956 and all improvements have been handled out of current revenues or short

La Presa Request For Variance Denied

SAN DIEGO (CNA) — The County Planning Commission Friday denied a reduction in front setback to permit A. F. Wollgast to expand his building at Jamacha Blvd. and Concepcion Ave. in the La Preza Zoning District.

The staff recommendation was against. The required setback is 50 feet. It said there are no exceptional conditions to justify a variance.

Wollgast will probably appeal to the Board of Supervisors.

In other matters:

Speedee Mart was granted two sign variances. In Lemon Grove, the reduction was allowed 42 feet at 3834 Massachusetts but the closer 40 feet was denied. At 10051 Campo Rd. in Spring Valley, a reduction of 50 feet was granted but 34 feet was denied.

In La Presa, the Trinity Baptist Church was given a special use permit for a church and a variance to reduce front yard setback from 100 to 60 feet for an identification sign.

The Lemon Grove Pony League was granted an extension of its special use permit for a baseball park near San Miguel and Jaynia Pl.

FINALISTS — Peggy Bowen of La Mesa, left, and Darlene Anderson of Lemon Grove are two of the 10 finalists for the Miss San Diego contest. Peggy is a 20-year-old junior at San Diego State College. Her mother is a teacher in the Lemon Grove School District. Darlene, a 19-year-old, models and works at the College Grove Walker Scott. The date and site of the finals will be announced later.

Scrubby Sage Was Lemon Grove Before First House Was Built

by Max Goodwin

A few years ago Lemon Grove was a sheep ranch, covered with scrubby sagebrush. The picture of the community as it appeared more than 40 years ago was portrayed through the eyes of an early settler in a newspaper clipping from the San Diego Union dated Sunday, Oct. 30, 1927.

The clipping was supplied by G. A. Dickinson, a school district employee, who lives at 7526 Madison Ave., in Lemon Grove.

Dickinson said he came across the material last month when Ernest Sunbury, a relative died. The Sunburys came to Lemon Grove in 1925.

The newspaper story, spread across three columns, proclaimed in the headline, "Town That Wasn't in 1891 and Has Grown to 1,000 Since Now is Prepared to Surprise County With Prosperity".

Then the story: "Like its big neighbor San Diego, Lemon Grove was a long time getting started in growing. But today,

CELEBRATION PLANNED

Old Tyme Days will be relived in Lemon Grove in May when the L. G. Chamber of Commerce will set aside a day of celebration.

This article paints an unusual picture of the community as it was founded by real estate developers.

with two main arteries leading directly through the community, another one in the making and a connection from the new University Avenue extension operating, the pretty little suburban community seems destined for a growth of homes that will be surprising.

Population 1,000

"Today, the community has a population of 1,000; in 1891 there was no population. That growth which does not sound tremendous for a town to make in 36 years, means considerable to Lemon Grove when one stops to consider that it has made practically all its expansion in the years since the war. And to J. A. Wood, battalion chief of the local fire department, Lemon Grove's growth has been 'a whale of an expansion.'

"Chief Wood is an old-timer here. Once you get him started he will tell you stories about San Diego in the late 90s that you won't believe at first. However, with a memory that recalls scores of names and as many little incidents built around these names it is not long before you are convinced that the Battalion Chief knows his San Diego history.

"Sitting in his room at the fire station yesterday, Wood reminisced. Old times, days in Lemon Grove, now a beautiful prosperous country — then a rolling sage covered sheep country—cameback to Wood with all their color and contrast with the days of the present.

Not A Single House

" 'Somewhere around 1880 I went to Lemon Grove. That is I went to the site where it is now situated. Not a single house could be found anywhere in the district. A lone sheepherder, watching thousands of head of sheep grazing over the undulating land, was the only inhabitant.

" 'I got a job as water boy with the construction laying the Cuyamaca railroad. All the water had to be hauled from La Mesa Spring as La Mesa was then called. There was no water in the Lemon Grove district.

" 'In 1892 the Allison brothers began to develop. They owned nearly all the land between La Mesa and Encanto and for a while they were land poor. They also owned large tracts in the vicinity of Descanso and Guatay. Allison ranch still bears their name.

" 'The San Diego Flume Company was starting to bring water from the mountains and the Allison brothers began to subdivide. A reservoir for irrigation was built at Lemon Grove and about 1892 Allison laid out the first lemon grove. The land was divided into 5-to-20 acre plots. These were grabbed by an influx of people from the east.

Big Rattlesnakes

" 'To level the land for irrigation it had to be plowed several times and then scraped. That was a job! From March 1 to July 4 I killed 62 rattlesnakes and they were big! We lost several beautiful horses that were bitten on their noses due to inquisitiveness, but you couldn't get a mule near one.

" 'With plenty of water things began to flourish. The first house in Lemon Grove was built by Allison. The second was by Nickerson, then Brand, then Troxell.

" 'From large herds in Lemon Grove, men would drive their sheep to San Diego to the slaughter house. Some of the finest grazing land was where Missions Hills is today. Large flocks of sheep would be started from Lemon Grove, moving slowly toward the city, grazing as they went. There wasn't a single house where Mission Hills is today.

" 'I worked for five years for Nickerson, a prominent contractor. We built roads, houses and reservoirs. Slowly the sage was cleared a way. The large cattle range at Lakeside moved a little further out and agriculture began to replace the cattle and sheep.' " the article concluded.

Church Funds Grow By 6.5%

Receipts by the American Lutheran Church during its fiscal year ending Jan. 31, totaled $20,966,406.45, an increase of 6.9 per cent over the previous year.

The receipts, highest in the ALC's five year history, totaled 98.4 per cent of the 1965 budget, according to the announcement by Dr. George S. Schultz, executive secretary of the ALC's board of trustees. The 1965 budget had been set at $21,311,605.

The shortage, amounting to about $250,000, has resulted in a cut-back of that amount in allocations for contemplated capital improvements by the church's colleges and seminaries, Dr. Schultz said.

The ALC's budget in the 1966 fiscal year is $21,664,963.

Film On Narcotics Slated For Bible Baptist Church

"Narcotics—A Challenge," a film presented by The Narcotic Educational Foundation of America, will be shown Sunday at 6 p.m. at the Bible Baptist Church, 730 Conception Ave., Spring Valley. Everyone is urged to see this dynamic film, says Rev. J. T. Wood, pastor.

"Narcotics—A Challenge" is narrated by Lowell Thomas. The Rev. Paul E. Friedmann, Field Director of the NEFA points out that recent reports indicate that approximately 20 per cent of the national narcotic problem exists in California.

Southern California, he said, is rapidly emerging as the number one narcotic problem area of the nation. Government statistics reveal the existence of tens of thousands of heroin addicts in our nation. Though this is the strongest of all known narcotics, there are numerous other substances and derivities which also cause addiction and habituation.

Rev. Friedmann said that fifty per cent of the crimes in metropolitan areas are committed by addicts who are desparately trying to support their addiction. This illicit traffic, he points out, is considered a constant threat to our youth and a growing menace to every community in the nation.

At present, Rev. Friedmann said there seems to be no solution to the problem. Educational and prevention are considered to be the major front and the best cure and will lend to additional controls. Youth must be adequately educated and adults alerted to this growing menace.

Worship services at Bible Baptist Church, are: 11 a.m., the message to be, "What a Lost Man Doesn't Lose in Hell;" and at 6:30 p.m., the message, "Revelations 3 Horsemen, and World Day of Prayer."

Russia's agricultural production is down eight percent from last year.

Meat May Be Served During Lenten Period

Beef may be served often during Lent as a result of revisions announced last week to the religious law of fasting, the California Beef Council reports.

With the removal of the law of fasting, meat may be eaten at any time, except on Ash Wednesday and on Fridays, during the Lenten period (ending April 9). There are no restrictions on what or how much food may be eaten on other days of Lent. Total abstinence still is the rule on Fridays, however, religious authorities add. Abstinence applies to persons 14 years of age and older.

Many housewives in the past have shifted over to meatless meals during Lent. Now, they can include meat as often as they wish in their Lenten menus . . . except on Fridays.

Christmas Seals Set New Record

The 59th annual Christmas Seal campaign has broken all fund-raising records of the Tuberculosis and Health Association of San Diego County, Dr. Amorita Treganza, Lemon Grove-Spring Valley area chairman, reported recently.

Contributions in the current campaign have risen to $149,856.24, an increase of $63.81 over the 1959 record of $149,792.43.

"Obviously we will top $150,000 by the time we close the books on this campaign on March 31, but we refuse to guess by how much," she said.

The last of 80,500 final reminders were mailed late last month.

"While we will have received most responses by the end of next month, the reminders will produce contributions for the rest of the year. Last year, for example, we received $961 after the books were closed," Dr. Treganza said.

The association solicits contributions by mail only to finance the health agency's medical research, rehabilitation, case-finding, and health educators work directed against tuberculosis and other respiratory diseases.

The annual San Diego County Fair-sponsored contest, won last year by Andree La Pointe, of Pacific Beach, will culminate in the final pageant, June 8, in the Palm Room, U. S. Grant Hotel with the 25 local winners competing for the 1966 Fairest of the Fair title and $1,500 in prizes.

Girl Scout Chatter

by Mary D. Giacinto

Proof that Troop 661 led by Pat Owens is one of the go-go-goingest in Lemon Grove is in the facts. The troop received the "Top Troop Award" prize of $15. Mrs. Daisy Leamons Neighborhood Special Events chairman, made the presentation at the annual Lemon Grove Girl Scout dinner recently.

The troop was also responsible for the greatest attendance at the scout's tamale dinner, bringing 60 of the total 335 people who attended. Folk music was provided by musicians from the Blue Guitar.

Pat Owen's troop returned from a weekend in Cuyamaca at Camp Tapawingo. There was plenty of snow for sledding, snowmen, and snowball fights. Mrs. Leamons drove to the camp to teach the girls to make lanyards for their whistles. The week-end was heightened by an old fashioned taffy-pull. While at the Lake Cuyamaca, with the snow-clad mountain for the background, the girls held their inspiring Scout's Own.

Veterinary Study Loans To Be Made

A plan to make it financially easier to study veterinary medicine has been announced by the California Veterinary Medical Association and Bank of America.

The plan consists of a program in yhich the CVMA will guarantee low interest loans by Bank of America to veterinary medical students, with the loans to be repaid in monthly instalments following graduation. The joint announcement was made by Kenneth V. Larkin, Bank of America vice president in charge of instalment credit lending; Kenneth Humphreys, CVMA secretary, and Dr. Blaine McGowan, Jr., associate dean of the School of Veterinary Medicine at the University of California at Davis, the only California institution currently offering a docvtorate in veterinary medicine.

The loan program enables students to borrow up to $1500 a year while in veterinary medical school, and enables them to repay after obtaining their degrees over a period of up to seven years. Interest rates, said Larkin, will be "in the area of the lowest available rates for education financing and substantially lower than personal loans and other consumer finance charges."

Because the CVMA will guarantee the loans, Humphreys pointed out, the program will allow students who are ordinarily without collateral to borrow money with charges substantially below those of ordinary unsecured personal bank loan.

Following graduation, if the veterinarian decides to set up his own practice prior to completing his repayments, the bank will consider consolidating the remaining balance with a professional term loan which will help finance his initial expenses, Larkin said.

Applications for the student loans will be available through the office of the dean at the School of Veterinary Medicine at Davis, he said.

Shmuel Ashkenasi, noted young Israeli violinist, will play Antonin Dvorak's "Violin Concerto in A Minor" with Earl Bernard Murray and the San Diego Symphony Orchestra in Tuesday evening, March 8 in the Civic Theatre.

Antiques Slate Second Session

The second session of the Antique Series being held at YWCA East Area, 4848 Seminole Dr., San Diego, will meet Wednesday at 12:30 p.m.

Lloyd Davies will discuss "Antiques in General" with a question and answer period to follow. The public is invited.

Girl Scouts Meet Tuesday

Beginning next week Girl Scout Troop 339, fourth graders from Mt. Vernon School, will meet every Tuesday at 3 p.m. in the school cafeteria. Previously they met each Friday.

Last Saturday the Girl Scouts spent the day at the San Diego Zoo. They visited both the children's zoo and main zoo.

Nineteen members of the troop attended along with five other children. They were accompanied by their leader, Mrs. E. S. Coffin, and several mothers: Mrs. J. H. Frates, Mrs. S. G. Griggs and Mrs. G. F. Shinski.

Youth Concert Features Pros

A youth concert featuring professional musicians and the El Capitan Bel Canto choir, will be held Tuesday at El Capitan high school in Lakeside.

The program, "A Musical Night to Remember" combines local teenage talent and serious music with young professional artists.

Soloists to be featured include Dennis Britten, tenor, of New York; Rachell Paston, soprano, New York, and Robert K. Gray, baritone, La Mesa.

The concert starts at 8:15 p.m. and a charge of $1 will be made.

A.C.E. Fashion Show

The Association for Childhood Education Fashion Show, "A Royal Pageantry" will be presented Wednesday at 7:30 p.m. in the U. S. Grant Hotel's Palm room.

Mrs. Alfred Rodrigues, A. C. E. fashion show chairman said teachers and administrators will model.

The admission cost is $2. Reservations may be made by contacting Miss Elizabeth Davis, 298-4681, Extension 475.

Members of A. C. E. work for the well-being of children.

"Since I was a little girl I have always wanted to be a hairdresser because of the creative work involved and working with people fascinates me.

I am very good at detail and working with my hands and with these qualifications I feel I will go very far in this profession for I plan on studying very hard and also taking advanced training so I may achieve my goal.

State Highway To Run Through County Dump?

SAN DIEGO (CNA)—County Public Works and the State Division of Highways appear headed on a collision course in a canyon near Highway 94 at Jamacha Junction.

Cy Weiler, public works director, told County News Association that the state recently told him that it had changed the route of future Freeway 94 so that it will run right down the canyon.

Weiler said that the county had carefully consulted the division of highways before selecting the canyon for a large sanitary fill. Fifty-two acres were condemned from Thomas Sharp estate at a cost of $94,300.

"I don't think they can build a freeway over a sanitary fill," Weiler said.

"It's hard to get local agreement on a dump site and we worked a long time on this one. Now everyone in the section knows about it and it has been more or less accepted. I don't want to go through this again."

The county plans to use the 42 acres of the fill site for a local park after the fill is completed.

Woosley was accused of stabbing Allen Bennett Cook in an apartment in San Diego Sept. 16 after the two had spent the day drinking. Woosley alleged Cook had grabbed him by the throat and threatened him with a knife but could not recall what the argument was about.

Committee Asks Two Way Split For Grossmont

Grossmont Union High School District would be split east and west across the middle if a state appointed school organization review committee has its way.

The review committee, which met in El Cajon Tuesday, is made up of the San Diego County school superintendent, Dr. Cecil Hardesty; and five other members from throughout the state who serve on boards of education.

There would be four high schools in each of the two districts. Lemon Grove school district and the La Mesa-Spring Valley school district would be in the southern district. High schools would be Monte Vista, Mount Miguel, Helix and Grossmont.

The two-district plan has been twice rejected by the state Board of Education but it is expected that it will review the two-district proposal again.

Each elementary district will vote on a unification district plan before it is put into effect, probably about June.

SAN DIEGO (CNA)—Joseph Luther Moore, 73, of 3837 Grove Place, Lemon Grove, who is to stand trial in Superior Court March 7 for arson, lost a bid for a change of venue on the grounds of newspaper publicity.

Moore's attorney, James J. Biggins, did not specify by name the newspaper in which the article about Moore's being accused of arson appeared. He alleged Moore could not get a fair trial in view of the article's publication.

Moore was indicted on an arson charge after rental property he owns at 3753 Grove St., Lemon Grove, burned Nov. 1, two days prior to the expiration of a fire insurance policy. Lemon Grove Fire Captain Ray Carmody reported there was evidence of gasoline at the fire scene.

Variety Is Key To New San Diego Sports Arena

Two officials of the Home of Guiding Hands will present Friday's program at the noon-luncheon meeting of the Lemon Grove Men's Club.

Executive director Al Krause and community relations director Bob Shumake will discuss the Lutheran Association For Retarded Children's facility, scheduled to be built on 14 acres of land in the Lakeside-Santee area.

At last Friday's meeting Les Land, general manager of San Diego Sports Enterprises, gave a talk on the $6.5 million San Diego International Sports Arena.

He told Men's Club members about the plans for the arena, which will cover a five-acre site on Frontier in San Diego.

The arena will seat 16,000-plus fans for some events with others posting downward figures to 12,000.

"At present 25 per cent of the seat sections are cast," Land said.

He said there will be over 100,000 feet of space under the roof. The eight-stories-high facility will feature terrazzo floors, air conditioning and a complete non-obstructed view of the arena floor from the stands.

Land cited several examples of the arena's good location. "We are only 14 minutes from Lemon Grove. Escondido is a 30-minute drive."

One feature of the sports arena will be the variety of events which will be staged there.

Besides ice hockey (the arena will be the home of San Diego's Western Hockey League team), boxing, basketball, track and other sporting events, the arena will house rodos, circuses, ice shows and other major attractions.

The arena also will be available for conventions, large meetings, etc., according to Land.

Sutherland, 43, who operates a chain of 55 parking lots and 6 self-service car wash facilities, seeks to occupy the seat now held by Assemblyman Dick Donovan. Donovan will not run for office again, having accepted a judgeship instead.

He is also basing his campaign on the need for legislation that would help, instead of hinder industry from coming to this area because of prohibitive taxes. He is son of A. J. Sutherland, chairman of the board of the Security First National Bank in San Diego.

Sutherland is married to former movie actress Marla English.

CIF Wrestling Crown Won By Monte Vista

Monte Vista High's Monarchs are the San Diego CIF wrestling champions for the second straight year.

The Monarchs earned that honor last Saturday in the Mount Miguel High gym by capturing three individual championships and two other high finishes.

By winning the CIF championship, the Monarchs were able to revenge the loss of the Grossmont League title to rival Mount Miguel's Matadors, second-place finishers in the CIF.

Monte Vista scored 50 points, just two better than Miguel's 48. Morse was third with 44, Kearny fourth with 23 and Helix fifth with 22.

Glenn Takahashi climaxed a perfect individual season by winning the 123-pound title.

He was voted the Ben Duea Award, given to the CIF tournament's outstanding competitor.

Also winning individual championships for coach Norm Wooten's crew were 98-pounder Danny Kida and 141-pounder Ned Fousek. The latter's victory came unexpected as Fousek had not shown the brillance throughout the season as he did at the tourney.

Mike McCullough, another one of Wooten's surprises, came through for a second-place finish in the 183-pound class.

John Daley, junior heavyweight, was fourth among the bigger men.

"This is the best group I've ever had. They're not as strong physically as some of my teams in the past but they've got more heart. They just wouldn't give up," Wooten said after the win.

The Monarchs achieved the title even without the services of two-time All-CIF champion Tom Backman. He was injured and could not wrestle.

Miguel had nothing to be ashamed of.

The Ned Blass-coached team placed men among the top four in eight weight divisions, proving their remarkable overall team balance.

Tom Tomlinson was second for Miguel at 148 to pace his team.

Third place finishes were earned by Charles LaGamma (115), Roy Kaneko (123), John Harter (136), Ron Pittman (141), Dan Treinen (157) and Wally Johnson (183).

Larry Elliget was fourth for Miguel at 106.

Helix High's Cary Francis was first at 130 and Paul Heggie of the Highlanders earned second in 136.

All-PCS Honors Earned By Landis

Paul Landis, Grossmont College's standout roundballer, was selected on the All-Pacific Southwest Conference Basketball Team, announced this morning by the Breitbard Athletic Foundation.

Landis, who earned All-PSC honors last year, was the main part of the Grossmont Griffins club as he led the team with his scoring power, posting over a 20-points-per-game average, and his alert defensive ability.

This type of honor is nothing new to Landis.

He was selected on the All-San Diego County CIF prep team in high school and earned all-Grossmont League honors twice.

The Griffins' Steve Howe was selected on the second team of the All-PSC. He is a forward.

Imperial Valley College's Shaler Halimon and San Diego City College's one-man offense Elburt Miller were chosen as co-players of the year in the junior college conference.

Halimon led his club to the PSC title and an unbeaten regular season.

Miller was the key to the Knights' second-place finish and scored 64 points in his final contest to break his school's record for most points in one game.

Also placed on the first team were IVC center Vic Morton and Southwestern College forward Bob Gray.

The Matadors began their 1966 campaign last Friday, finishing second to Morse in a three-way meet. The Matadors scored 49 to Morse's 62. Hilltop was a distant third.

More Offices Needed For New Senatorial District

More than one legislative office is needed to serve the newly created 38th Senate District, according to Assemblyman Clair W. Burgener, a candidate for the new senate seat.

In his current Newsletter to voters in the district, Burgener said the additional offices are required because of the large and immensely diversified nature of the area. The new senate district includes north and east county areas in the northeast section of the city of San Diego.

"After travelling throughout the district and talking to hundreds of people," Burgener said, "I am convinced that the only way to serve effectively is to maintain at least two legislative offices."

"These people," he emphasized, "are certainly entitled to discuss problems with their state senator without driving great distances."

Burgener, a veteran of seven years of elective public office, is seeking the Republican nomination in the newly created senate district. He is the incumbent Assemblyman of the 76th District, an area which represents a substantial portion of the new 38th Senate District.

County Research Project To Seek Reduction Of Cigarette Smoking

A county-wide research project to reduce cigarette smoking over the next five years will be the focus of national attention, it was announced by Arnold Flick, M. D., San Diego County Medisal Society representative and Project Director.

The project will be coordinated by the San Diego County Council on Smoking and Health and given financial assistance by the newly created National Clearinghouse for Smoking and Health of the United States Public Health Service. It is expected that the five-year project will cost about a million dollars.

In awarding the San Diego County Council on Smoking and Health a contract for the research project, Dr. Daniel Horn, Clearinghouse Director, said, "San Diego was chosen because of the effectiveness with which the health and educational agencies have coordinated their efforts to increase the understanding of the public, and particularly young people, of the harmful effects to health which result from cigarette smoking."

The U. S. Public Health Service is awarding contracts for only two such projects in the nation. A second Interagency Council on Smoking and Health in the East will be selected.

Under the Clearinghouse contract, the San Diego County Council on Smoking and Health will undertake the initial planning of a county-wide five-year program to test methods by which organized community action can change cigarette smoking habits through public education and mass media.

When effective methods for creating changes in smoking behavior are developed, Dr. Horn said the Clearinghouse will encourage the development of similar community programs throughout the nation.

Dr. Horn said that the project here may include psychosocial studies and research related to the motivational and behavioral aspects of cigarette smoking; educational, counselling and clinical services to help individuals who wish to stop smoking cigarettes or to cut down their smoking; educational programs for health professionals, school personnel, social workers and others in a position to exercise personal influence on the smoking habits of individuals; and community-wide participation of agencies, organizations, young peoples groups, entertainers and professional organizations most able to exert an influence on the community to improve the public health.

D. Thompson Named To State Crime Council

David H. Thompson, prominent San Diego attorney and civic leader, has been installed as Southern Chairman of the California Council on Crime and Delinquency. He succeeds Mrs. Maynard J. Toll of Los Angeles, who became State Vice Chairman.

Thompson is a charter member of the California Council, and was appointed to membership by the group's parent organization, the National Council on Crime and Delinquency, in 1962.

He also serves as president of the San Diego Citizens Interracial Committee, member of Economic Opportunities Commission of San Diego County, member of the San Diego County Juvenile Justice Commission, member of the Board of Directors for United Community Services of San Diego, and is a former Vice President of the San Diego Bar Association.

Rotarians Offer Trip 'Down Under'

Applications from young business and professional men for a two-months', expenses-paid study tour to Queensland, Australia, this summer are being received by Presidents of the 55 Rotary clubs in Rotary International District 534 which includes San Diego County. District Governor George Cornell, of Chula Vista, has announced.

W. Earl Smart, president of the Rotary Club of Lemon Grove, has application blanks and information about conditions under which a six-member study team will be chosen.

"Each Rotary Club may propose as many as two candidates who must not be Rotarians or sons of Rotarians," explained Past District Governor A. J. Gillette, of San Diego, chairman of the committee to select the team going to Australia. Applications must be filed with clubs by April 30th.

The Rotary Foundation will pay transportation costs of team members and Cornell's representative accompanying the team, from San Diego to the point of arrival in Australia, and return. Meals, lodging, and travel of the group in Australia will be provided by the 51 Rotary Clubs in RI District 260, who will host their guests. Past District Governor Walter Burr, of Brawley, will accompany the team as Cornell's representative.

Cornell said this Rotary Foundation Group Study Exchange activity offers a "unique person-to-person opportunity for promoting better understanding and friendly relations among peoples of the world."

CHP Seeks Candidates

The California Highway Patrol is seeking qualified young men who are interested in a professional career in a highly respected law enforcement organization.

Commissioner Bradford M. Crittenden of the CHP announced recently that applications for the position of State Traffic Officer are being accepted through April 15, 1966.

"Application blanks for the examination to be given on May 14 are available at any Highway Patrol office," Crittenden said. "They must be filed no later than midnight of April 15."

Interested men must be 21 to 31, high school graduates or the equivalent, in good health with no disabling physical defects, have normal hearing and vision, be 5 feet 9 to 6 feet 6, and have been California residents at least one year.

"Advantages of serving with the Patrol include generous salary and other benefits, the opportunity for steady advancement based on individual merit, and the satisfaction of performing a responsibility that is of extreme importance to the well-being of every California citizen," Crittenden said.

Open Forum Guest Slated

Speaking on "The Courts and the Individual," Prof. Caleb Foote of the University of California School of Law at Berkeley will address the San Diego Open Forum Sunday.

The meeting will be held in the auditorium of the First Unitarian Church, 4190 Front St., at 8 p.m.

The Open Forum was established in 1919 as a non-profit organization to offer San Diegans a people's laboratory for the free discussion of ideas. Its 46th annual lecture series, now under way, is devoted to the theme: "Individual Freedom and Government Power." The monthly series will continue through May.

'The Devil's Disciple' Casting Completed At Grossmont College

Casting has been completed and the "Griffin Players" of Grossmont College, under the direction of Martin Gerrish, Drama Department Chairman, are hard at work rehearsing George Bernard Shaw's comedy "The Devil's Disciple."

With the premier performance scheduled for March 17, it will also be presented on March 18, 19, 24, 24, and 16, in the college's Student Center.

Inhumane Puritans

Written in 1897 by Shaw, "The Devil's Disciple" is the story of Dick Dudgeon, a revolutionary American Puritan who has grown up in the most narrow-minded of Puritan communities. He has concluded that those who stand for God are uncharitable, inhumane, and dedicated to causing misery. Since he believes passionately in human happiness, he considerers himself a disciple of the devil.

Mistaken Identity

When the British mistake him for the local Puritan minister and he is arrested, Dick discovers that he is incapable of causing another human to suffer; he continues to masquerade as Reverend Anderson and is about to be hanged in the minister's place. Anderson's wife is moved by Dick's actions and mistakenly interprets them as an expression of love for her; in spite of his protestations she finds herself romantically attracted to him.

At the last minute Dick is saved from the gallows by Anderson who has put aside his ministerial pursuits to become a revolutionary leader. In his hour of trial, Dick discovers "that it was his destiny to suffer and be faithful to death."
